CENTRAL INTELLIGENCE AGENCY  
Contracting Officer's  
DETERMINATIONS AND FINDINGS

AUTHORITY TO NEGOTIATE CONTRACT

The Central Intelligence Agency proposes to enter into a contract with Hycon Mfg. Company, Pasadena, California, for furnishing spare parts, modification kits, components and data for equipment of types which have been, are being or may hereinafter be manufactured by the Contractor.

I hereby find that this procurement, Project CHALICE is estimated to cost \$178,000 of which \$48,000 is chargeable to CHALICE Fiscal Year 1960 funds, and \$130,000 is chargeable during F.Y. 1960 to "NO YEAR" Air Force money. I also find that this procurement is in the interest of National Defense and that it will be certified by the Director of Central Intelligence in accordance with procedure approved by the DCI on 15 December 1956, to be for objects of a confidential, extraordinary and emergency nature and therefore within the purview of procurement authority of the Agency as stated in Section 8(b) of Public Law 110, 81st Congress. Procurement by formal advertising of the services called for by the proposed Contract No. CT-701 would result in public disclosure of the nature and character of basic equipment previously procured and would thereby jeopardize the security classification of this project.

I hereby determine, as Contracting Officer for this contract, that the necessity and authority for negotiation of this Contract have been adequately documented by proper Agency authority, and that the proposed contract must necessarily be negotiated without formal advertising.
